### Objectives

The aim of this course is to introduce TRAIL Research School and the PhD process at TRAIL, and to present the support given by TRAIL to PhD students.

### Course description

Some time ago, you started as a PhD student at TRAIL Research School. To guide you in the TRAIL world, we have set up a special meeting to give you more insight into the TRAIL Research School projects and particularly about the PhD process.

The meeting has numerous goals:

- First, in this introduction we like to show you the activities within your Research School (who is who, courses, formalities, publications, the website and the latest news);
- Secondly, you will meet fellow PhD students and extend your network of TRAIL contacts.
